LEAD QUESTIONS

- 1 Could you provide a brief summary of your life, work, study and struggle?
- 2a Could you provide us an introductory summary of Pan-African Root's research on the relationship between the Catholic Church and the trafficking in (trading) and enslavement of African People from 1307 to 1888? Which countries, ports and dioceses in Europe, the Americas, Africa and Asia?
- 2b Pan-African Roots states in its Open Letter, sent to Pope Francis I and the Catholic Church, and published on the website of the A-APRP ^(GC) that this effort is a part of the Slavery Era Records Disclosure Movement and not a request for another apology, nor another demand for reparations. Pan-African Roots demands the repudiation and revocation of key Papal Bulls of exploration, discovery, settlement, erection of dioceses, trafficking and enslavement, and forced conversion. Please explain.
- 3 What was the role of piracy in the trafficking (trading) in and enslavement of African People and its relationship to the Catholic Church, as well as piracy, trafficking and enslavements relationship to monarchical (feudal) and bourgeois (capitalist), canon, international, national and state law and regulations worldwide.
- 4 How can Supporters and Allies join, and contribute to or assist Pan-African Roots in furthering its research and worldwide campaign to publicize the demand to release the Catholic Church records on the slave trade and piracy? There are more than 1.5 billion African People living, sacrificing, suffering and struggling in more than 125 countries in Africa (Five Regions) and the African Diaspora (Sixth Region).

5 What is the value---material and immaterial---of having this information and how does it help to move African People's and World Humanity's independent and yet inter-related struggles for liberty, dignity and working unity, structural and working, forward?
